Directors may inspect and may make copies of the company's non-financial records for the purposes of legal proceedings to which the director:

- Is a party; or
- Proposes to bring; or
- Has reason to believe will be brought against them.

All requests for access should be made to the Chairman of the Board.

Disclosure of Confidential Information

Directors will not disclose any confidential information of the company unless:

- The company has given a written consent;
- The director is required to disclose it by law; or
- The disclosure is made for the purpose of obtaining professional advice:
 - i. Where the approval of the Audit Committee of the Board has been given; or
 - ii. Where approval has not been given, after prior written notice to the Chairman of the Board and the director considers it necessary to obtain advice in order to carry out his or her duties as a director of the company in connection with a matter currently before the Board; and
 - iii. Where the director endeavours to ensure all matters disclosed are kept confidential and advises the Board if the advice in any way contradicts the current position of the Board or contradicts advice previously received by the Board.

Information Privilege

Where a director is entitled to disclose confidential information and legal professional privilege attaches to that information for the benefit of the company, or both the company and the director, the director will use best endeavours to avoid doing anything that will cause privileges to be waived, extinguished or lost by the company in relation to third parties.

Related Party Transactions

A director, or entities in which a director has a significant interest and/or influence, who enters into a transaction with the company (other than a transaction involving the payment of compensation) shall make full disclosure to the Audit Committee for review in accordance with the related party transaction policy if the total value of the transactions for the year exceeds \$500,000 (excluding loan transaction on usual terms and conditions).

The Audit Committee must approve the transactions before the Board gives consideration to the Company entering into the following contracts with directors, or entities in which directors have a significant interest and/or influence:

- All agreements to lease and/or leases of property.

- All agreements for the purchase or sale of freehold and/or leasehold property except where such sale is by way of a genuine public auction.

Material Personal Interests

Directors are required to disclose all matters involving the company and its subsidiaries in which they have a material personal interest.

Disclosure may be made either by giving notice on a specific transaction basis or as a standing notice. Directors shall provide new notices if the nature and extent of their interest changes at any time. Notices should be in writing detailing the nature and extent of the interest of the director in the matter and should be given to each director and tabled at the next Board meeting.

The Secretary will maintain a register of notices tabled at Board meetings and will make this register available to new directors when appointed. The Secretary will record details of the notice in the minutes of the meeting.

Where a matter in which director has a material personal interest whether declared or not, is being considered at a Board meeting, that director must not:

- Be present while the matter is being discussed; or
- Vote on the matter.

Unless directors who do not have a material personal interest in the matter pass a resolution that:

- Identifies the directors, details of the director's interest;
- States that those directors are satisfied that the interest should not disqualify the director from voting or being present;
- The interest does not need to be disclosed to the other directors under Corporations Act; or
- The director is entitled under a declaration or order made by the Australian Securities and Investments Commission under the Corporations Act 2001 (Cth).
